

SPECIALITY SERVICES

Through our Liver Clinic, Shepherd's Hope provides free screening and treatment of Hepatitis C, Hepatitis B, cirrhosis and fatty liver disease. The Seminole County Health Department provides free Hepatitis A and B vaccinations monthly at our Longwood Health Center.

Annual Back-To-School & Sports Physicals are provided by Nemours Children's Health volunteers. Vision, hearing and ECG screenings available. After the exam, children receive Florida Department of Health form DOH 3040 which meets the state requirement for enrollment in school.

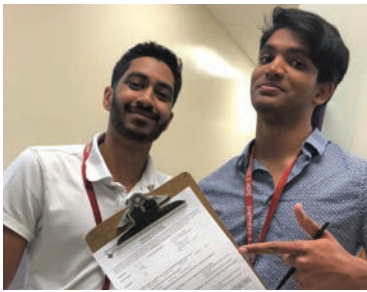

Through partnerships with medical specialists, hospitals and other healthcare providers, patients receive diagnoses and treatment in specialty fields including gynecology, cardiology, endocrinology, behavioral health and urology.

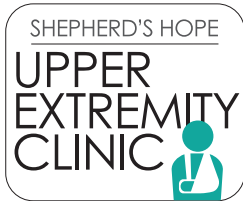

Our Healthy Eating, Active Lifestyle (HEAL) program educates and supports seed-to-table nutrition and lifestyle preventive practices for better health. Culturally-relevant programs focus on continuity of care for underserved communities and populations who struggle with equitable access to healthcare, preventive care, healthy nutrition and other services. Includes a micro-farm and a training kitchen.

Our Health Insurance Navigators are experts in health care eligibility, enrollment and program education. They connect patients with affordable ongoing care through personalized, affordable options in the Health Insurance Marketplace. Partnership: PCAN. Funding: University of South Florida.

SPECIALITY SERVICES

Our Upper Extremity Clinic offers care for injuries to the fingers, hand, wrist, elbow or shoulder, provided by Orange County Health Department Board-certified upper extremity surgeons.

Dental screenings are provided at our Back-To-School & Sports Physicals. In the future, dental acute care services will be provided at our West Orange Health Center and in the offices of some of our volunteer dentists. Initial program funding from the West Orange Health Alliance.

OUR SERVICES

provide life-saving treatment
help reduce medical condition advancement
avoid ER visits
avert patient medical debt
